CAREER OBJECTIVE

Motivated B.Sc. Computer Science student with practical experience in front-end web development and academic experience in Java, database-driven applications, and web technologies. Seeking an entry-level opportunity in the IT industry where I can apply my knowledge of HTML, CSS, JavaScript, Java, Python, MySQL and web development, contribute to real-world projects, and continuously develop my technical skills.

EDUCATION

Bachelor of Science in Computer Science — Sacred Heart College (Autonomous), Tirupattur, Tamil Nadu

Expected Graduation: 2027

Higher Secondary Schooling — St. Paul's Higher Secondary School, Salem, Tamil Nadu

SSLC — St. Angela Matriculation School, Salem, Tamil Nadu

TECHNICAL SKILLS

Front-End Development — HTML5, CSS3, JavaScript, Responsive Web Design, DOM Manipulation

Programming Languages — Java, Python, C

Database & Backend — MySQL, SQL, JDBC, JSP, Servlets

Development Tools — Git, GitHub, Visual Studio Code, NetBeans, XAMPP, Apache Tomcat, GlassFish

Core Knowledge — Data Structures, Database Management Systems, Object-Oriented Programming, Operating Systems, Software Engineering, Computer Networks, Artificial Intelligence Fundamentals

INTERNSHIP EXPERIENCE

Front-End Web Development Intern

ProcessDrive — Hosur IT Park, Hosur

- Gained practical experience in front-end web development and web interface implementation.
- Worked with HTML, CSS and JavaScript to develop and structure web interfaces.
- Applied concepts of responsive design, styling and client-side scripting.
- Worked on a Product Catalog Management System concept involving product catalogs, categories, suppliers, reports and stock management.
- Developed an understanding of professional web development workflows and real-world IT environments.

PROJECTS

College Department Inventory Management System

Final Year Project | Java, JSP, Servlet, MySQL

A web-based system designed to manage college department inventory, categories, suppliers, assignments, stock and reports.

- Admin and staff login
- Inventory CRUD operations
- Dynamic category management
- Computer, furniture, laboratory equipment and stationery management
- Supplier management
- Department ledger
- Assignment of items to staff, laboratories and classrooms
- Purchase and warranty tracking
- Low-stock monitoring
- Reports
- Activity and transaction tracking

Role: System design, database design, development and documentation.

Product Catalog Management System

Internship Project / Concept | HTML, CSS, JavaScript

A web-based concept for managing product catalogs and related inventory information.

- Product catalog management
- Category management
- Supplier information
- Stock management
- Reports
- Interactive web interface

Personal Portfolio Website

HTML5, CSS3, JavaScript

Developed a personal portfolio website to showcase education, technical skills, internship experience, projects and professional information.

- Responsive user interface
- About, skills, projects, internship, education and contact sections
- GitHub and LinkedIn integration
- Light/dark theme functionality

CERTIFICATIONS

- Front-End Web Developer — Infosys Springboard
- Generative AI — Outskill

RELEVANT COURSEWORK

Data Structures • Database Management Systems • Operating Systems • Object-Oriented Programming • Web Programming • Java Programming • Python Programming • SQL & PL/SQL • Computer Networks • Artificial Intelligence • Software Engineering

PRACTICAL KNOWLEDGE

- Building responsive websites using HTML and CSS
- Developing interactive web applications using JavaScript
- DOM manipulation and client-side functionality
- Java-based application development
- Creating and managing MySQL databases
- Connecting Java applications with MySQL using JDBC
- JSP and Servlet development
- CRUD application development
- ER diagram and database design
- Git and GitHub
- Web application debugging and troubleshooting

ACHIEVEMENTS & ACTIVITIES

SPACE – 2K26 | State Level Intercollegiate IT Fest

Department of Computer Science (Shift – I), Sacred Heart College

- Participated in organizing a state-level intercollegiate IT fest.
- Conducted Clash of Coders, a programming-oriented event.
- Coordinated with participating colleges and event activities.

SOFT SKILLS

• Problem Solving • Logical Thinking • Teamwork • Communication • Time Management • Adaptability • Quick Learning • Event Coordination

LANGUAGES

• Tamil • English

AREAS OF INTEREST

Front-End Web Development • Software Development • Full-Stack Development • Java Development • Database Applications • Generative AI & AI Tools • Modern Web Technologies

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.

Place: Hosur
